Longtail yawned, he had stayed up all night guarding the camp. He padded back to his nest to find a bundle of ginger fur instead of a empty nest. Longtail was confused, but he nudged Fireheart. Fireheart flipped his body over to see Longtail looking at him. "I-I'm sorry! I didn't know I went to the wrong nest!" Fireheart was starting to shake. "It's ok Fireheart relax." Longtail said calmly before curling up next to him. "Is everything ok Fireheart ?" Longtail asked. "Yeah." Fireheart rested his head on his front paws. "You seem upset." Longtail commented. "I said I'm *fine*." Fireheart repeated. "I know but if-"."Longtail I love you ok? Now stay out of my fur!" Fireheart realized what he said and felt like his pelt was literal fire. "I love you too." Longtail said as he licked Fireheart's head. "Yeah, yeah love you too." Fireheart mumbled as he buried his nose into Longtail's neck. After a while, they both fell asleep
